Domingo Graduates

In 1997, we began to support Cuban missionaries to the Mountains of Escambay. At first, the missionaries experienced a lot of opposition and it was slow going. One person by the

name of Domingo, was a real problem because he tried to stop the missionaries from their work, and at one point threatened to kill them. We praise the Lord that Domingo received Christ as Savior in 1998. He has become one of our missionaries in the mountains and is doing marvelous job of reaching his own people with the Gospel. Everybody in the mountains knows Domingo's great testimony for the Lord.

Domingo did not have much education when he entered the Bible Institute. Pastor Hernandez wasn't sure if he could make it, but on May 26, 2005, Domingo graduated from the Bible Institute in Cienfuegos, Cuba.

It was a grand celebration. There were

8 graduates and each one was excited

about the future and what God has in store for them in His service. Domingo graduated third with a GPA of 3.50. He continues to work in the mountains in several missions. He is a great example of how Christ can change a life and make something truly wonderful out of it.

The Bible Institute is progressing with about 65 students enrolled for next year. Approximately 12 are scheduled to graduate. Please pray that we can get accredited which would allow us the right to legally ordain the men who graduate. They could be placed as pastors in the many missions that have been organized into Churches.

Pastor Hernandez is doing a tremendous job with the Institute. Because of his hard work many young people are in the ministry. Clark Allen established the academic program and is largely responsible for obtaining curriculum for Cuba. God has brought together many wonderful people to help with the ministry in Cuba.

This ministry is a collective effort on the part of many, many people. I wish I had room to print everyone's names, but I'm sure I'd miss someone. So, let me just say, "Thank you!" God has been good!
