**Supporting NOW Ministries is
an eternal investment in souls!**

CAMBODIA

NOW Ministries board member Pastor Edward Wade and his wife Sharon, recently traveled to South

Pastor Wade preaching in Cambodia.

East Asia representing NOW Ministries and his home church of Victory Baptist Church in Boonsboro, MD.

A Pastors' and Christian Workers Conference was held in Phnom Penh, Cambodia. The building was filled for these services. Bro. Wade taught and challenged these men to be faithful and to have a great vision for reaching their country for Christ. Mrs. Wade spoke to the ladies about their vital role in the family and the ministry. Many lingered after the services with questions and requesting

counsel. The altar was filled in the evening services as many responded to God's moving in their lives.

Bro. Wade also preached in a large tent erected next to a house church which was celebrating its one year anniversary. The members had

Cambodia Outreach

Cambodia is open and ready for harvest. In October of 2007, NOW Ministries will be taking a team into Phnom Penh to conduct Evangelistic Crusades for two weeks. The Crusades will be in various locations targeting areas that have never been reached with the Gospel. There is a great potential of seeing many people come to Christ. Missionary Lomar Dela Curse is helping to coordinate the effort in Cambodia. Please pray that God will open doors and allow the team freedom to preach and share the Gospel. Also, NOW Ministries needs your support. The estimated cost of the outreach will be \$25,000.00. Without your help this opportunity to spread the Gospel will not be possible. Please give that others may know Christ.

worked hard to invite family and neighbors. When the invitation was extended, over 25 Cambodians turned from Buddhism and accepted Jesus Christ as their personal Savior. Later that same day

The Bible School in Myanmar.

in another remote village, more trusted Christ as the Gospel was preached. This was followed by the baptism of 15 new believers in a nearby river.

Cambodia is a rapidly developing nation and is now very open to the Gospel. We must do our best to reap while the harvest is ripe for these 15 million souls.

MYANMAR

In Myanmar, the Wades met with Bro. Timothy Mang, NOW's key national pastor in this country. Pastor and Mrs. Wade taught in his Bible College near Yangon for three days. It was a tremendous blessing for them to see the large beautiful 3 story college building which was financed primarily through the generous giving of NOW supporters and churches.

This growing Bible college cur-

rently has 187 students. All are being trained and prepared for the Gospel ministry. Since Myanmar is closed to outside missionaries these students who will become pastors and missionaries are Myanmar's hope of hearing the Word of God.

Bro. Wade also Spoke in several "house churches" in and around the Yangon area which are led by NOW assisted pastors.

THAILAND

Bangkok, Thailand is a very large modern city of over 16 million. Here the Wades met with NOW Missionary Enrile Badua and spoke at his church and Christian school.

These precious national pastors and workers are the means by which we can carry out the Great Commission into all the World.

NOW Ministries helps train, support, and encourages national pastors to reach their countries for Christ. Your Financial investment can mean the difference between a pastor or missionary being "full time" or being encumbered by family financial needs.

Supporting nationals through NOW Ministries is an eternal investment in eternal souls!
