MYANMAR MINISTRY UPDATE FOR APRIL 2007 By Timothy Mang

Christian Life Conference April 4-8, 2007

This conference was held at Tahan where Christian community is located. There were between 1,100 – 1,600 people

Christian Life Conference in Myanmar.

ple every day and every night. Many people realized that they were carnal and their ministry was a flesh dependent ministry. They confessed their sin to God and they enjoyed to know the importance of a Spirit-filled life and they completely surrendered themselves to God. This is a wonderful conference; we plan to have a Conference every year at that town. At that Conference, 31 people got saved. Hallelujah!

Rogma Correspondence Graduation:

On April 9, the Graduation service was held and there were 27 graduate students. This School is a solid Biblically sound School and there are 36 Great Bible Doctrines. We have more than 1,700 students in Falam Chin dialect, Mizo, Burmese and in English in our

ministries.

We held the graduation service at Aungtitsa Revival Baptist Church and there was a great Banquet also.

Gospel Campaign at Rizua: April 16 – 22, 2007

Rizua town is known as a drug addicted town and so the Chin Evangelical Fellowship planned and prayed for Gospel Campaign. The CEF invited me to go there as their main speaker and Bible teacher. I brought my wife Lily and another three Bible teachers with me.

By God's grace, the gospel campaign was successful. As a result, 132 adult people got saved, and children's gospel campaign was done by my wife and another Bible women and 125 children got saved. Hallelujah! This town is at India border town and it is 106 miles a way from Hakha town.

While on the preaching trip, my gout problem became a problem. But I did not give up the preaching ministry and when I got back home on April 30, I was exhausted and I did rest for 26 hours. I am now OK and I will begin my NT Grammar checking again, this will be the final one. There is a strong invitation from China-Loas-Myanmar Border and so I plan to go there again on May 17. I will give you a report again at the end of May.

Biblical School of Theology Gospel Tour in Hakha City : April 11 – 15, 2007

By God's grace we do this Gospel tour every year. This year we planned and prayed to go to Hakha town which is the capital city of Chin State and where Revival broke-out two years ago. Five instructors and 67 Bible students went to that

Students preaching in Revival Campaign.

city, and we were divided into three groups: One group was led by Daniel Thang (Academic Dean) and they were with Grace Baptist Church; the other group was led by one of our instructors and they were with Revival Baptist Church; and I led one group and we were with Calvary Baptist Church.

Students visited house to house and shared the gospel individually for three days. They reached 1,224 people with the gospel and 198 people got saved through the students' personal witnessing. We the instructors conducted Bible Teaching at their churches and we preached every evening. Believers were encouraged and there was a great church growth. The other interesting result is, an other Revival Baptist Church is existed at the out skirt of Hakha City as a result of this Gospel Tour activity.

In order to have this Gospel Tour,

we did need big money, as we prayed the Lord provided the funds and we are sure that there will be a great reward there in Heaven. We thank God for this great work.

After this Gospel Tour, our Bible students have gone to different villages to preach the gospel. When they come back to the Bible School in July, they will share their outreach experiences.

New Bible School in Myanmar

Rizua is a new town which is in the Zotung area. They are Chin, but influenced by Liberal Baptist. There were some gospel preachers who did not agree with the liberal preachers and so they formed the Zo Christian Church 18 years ago. They are now spread out at 22 villages, and the leaders came to meet me and they wanted to join our Revival Baptist Churches Fellowship and we did agreement also. We make some decisions:

- (a) As they do need a Bible School, we the Biblical School of Theology will start a Biblical School of Ministry at Rizua town in 2008. All of the preachers are uneducated and they need Bible training. This training will last one month a year. In order to start, they need a building. They have a piece of land and **\$4,500.00** will be able to build a building for Biblical School of Ministry. Please pray with us for that needed money.
- (b) In the month of May 2008, we the Biblical School of theology will conduct a seminar for women and Sunday school teachers.
- (c) In the month of April 2008, we will send five children workers to conduct a crusade for children. The church leaders promised me that they will collect 2,000 children from the villages.
